Документ подписан простой электронной подписью Информация о владельце: ФИО: Косенок Сергей Михайлович Должность: ректор Дата подписания: 10.06.2024 11:40:90 Ната подписания: 10.06.2024 11:40:90 Уникальный программный ключ: e3a68f3eaa1e62674b54f4998099d3d6bfdcf836 Medical informatics, second term

Code, direction of	05.31.01
preparation	General Medicine
Directivity (profile)	General Medicine
Form of study	full-time
Department- developer	Informatics and computer science
Graduate department	Internal diseases

Competency tested	Exercise	Answer options	Question difficulty type
PC-11.2	<b>1.</b> Convert the number 10001 from the 2nd number system to decimal	1. 34 2. 17 3. 67	Low level
PC-11.2	2. In which SS can the number 1023457 be written?	<ol> <li>Binary SS</li> <li>Octal SS</li> <li>Decimal SS</li> <li>Trinity SS</li> <li>Hexadecimal SS</li> </ol>	Low level
PC-11.2	3. The text of 100 characters is encoded in an alphabet with a capacity of 64 characters. How many bytes of information does it contain?	1.       100 bytes         2.       200 bytes         3.       75 bytes	Average level
OPK-11.3 PC -11.1	4. Working with Word. Paragraph formatting includes:	<ol> <li>Changing the size of margins</li> <li>Changing line spacing</li> <li>Changing the font size</li> <li>Changing the Sheet Orientation</li> </ol>	Low level
OPK-11.3 PC-11.1	5. When creating an auto-assembled table of contents, the error "Table of contents not found" is displayed because	<ol> <li>There are no hyperlinks in the document test</li> <li>There are no lines in the document test that are highlighted with the heading style</li> <li>There are no lines in bold in the document test</li> </ol>	Average level
ОРК-11.3 РС-11.1	6. You can't edit using a ruler in Word.	<ol> <li>Line spacing</li> <li>Document fields</li> <li>Red (first) line indent</li> <li>Paragraph indentation</li> </ol>	Low level
OPK-10.1 PC-11.3	7. For long-term storage of information in a computer, the following are used:	1. HDD 2. RAM 3. ROM 4. DVD	Average level
OPK-10.1 PC-11.3	8. To process information in a PC, the following is used:	1. RAM 2. ROM 3. CPU	Low level
OPK-11.3 PC-11.1	9. Minimum unit for storing information in a workbook:	<ol> <li>Cell</li> <li>Sheet</li> <li>Column</li> <li>Line</li> </ol>	Average level

OPK-10.1	10. Excel. In cell C2 the formula $=A2*B$	1. $=A4*$B$2$	Average level
PC-11.3	is entered. When multiplying down in cell C4	2. $=A2*B$	
	there will be a formula	3. $=A4*B$4$	
OPK-10.1	11. Select from the proposed extensions the	1exe	Average level
PC-11.3	extension of the program file	2txt	-
		3bmp	
OPK-10.1	12. File this	1. Data Area Plan	Average level
PC-11.3		2. Minimum disk storage unit	_
		3. A collection of data that has a name and is stored on disk	
OPK-10.1	13. Select top-level domains from the options	1. www	Average level
PC-11.3	provided	2ru	
		3. http://	
		4com	
		5. 193.205.21.47	
OPK-10.1	14. Select an Internet service from the	1. www	Average level
PC-11.3	options provided	2ru	_
		3. http://	
		4com	
		5. 193.205.21.47	
OPK-10.1	15. Select hypertext transfer protocols from	1. www	Average level
PC-11.3	the suggested options	2ru	_
		3. http://	
		4com	
		5. https://	
OPK-11.3	16. The main goal of introducing the	1. Optimizing the quality of medical care from a safety perspective	High level
PC-11.1	principles of evidence-based medicine into	2. So that the doctor can make decisions based on his clinical experience	
PC-11.2 PC-11.3	healthcare practice	3. To evaluate a doctor's work	
PC-11.5		4. For best drug sales	
OPK-11.3	17. The emergence of the second information	1. inability to preserve experience and knowledge over time for transmission to	Average level
PC-11.1	barrier is associated with:	subsequent generations	
PC-11.2		2. inability to convey information to a large number of people due to limited	
PC-11.3		sources of information	
		3. The total bandwidth of the human brain was not enough to process a large	
		amount of information	
OPK-11.3	18. The appearance of the first information	1. inability to preserve experience and knowledge over time for transmission to	Average level
PC-11.1	barrier is associated with:	subsequent generations	-
PC-11.2		2. inability to convey information to a large number of people due to limited	
PC-11.3		sources of information	
		3. The total bandwidth of the human brain was not enough to process a large	
		amount of information	

PC-11.1 PC-11.2	19. Is the statement true: a mathematical model is a simplified object that preserves the			Average level
PC-11.3	properties of the present?			
OPK-10.1	20. Specify descriptive statistics parameters	1.	Average	High
PC-11.1	that allow you to estimate the middle of the	2.	Median	level
PC-11.2 PC-11.3	distribution	3.	Minimum	
rC-11.5		4.	Maximum	
		5.	Fashion	
		6.	Standard deviation	
		7.	First quartile	
		8.	Third quartile	
OPK-10.1	21. The spread of the sample distribution can	1.	Average	High level
PC-11.1	be estimated	2.	Median	
PC-11.2 PC-11.3		3.	Minimum	
PC-11.5		4.	Maximum	
		5.	Fashion	
		6.	Standard deviation	
		7.	First quartile	
		8.	Third quartile	
OPK-10.1	22.Correlation coefficient Kcorr = $-0.8$ . This	1.	There is no dependency between the parameters	High level
PC-11.1	means:	2.	There is a weak direct linear relationship between the parameters	
PC-11.2		3.	There is a weak inverse linear relationship between the parameters	
PC-11.3		4.	There is a strong direct linear relationship between the parameters	
		5.	There is a strong inverse linear relationship between the parameters	
OPK-10.1	23.OLE technology is	1.	Equipment installation technology	Average level
PC-11.1		2.	Mouse copy technology	
PC-11.2		3.	Technology of implementation and embedding of an object	
PC-11.3
